EXPERIENCE

Co-founder

Doifoo

📅 10/2020 - Ongoing 📍 Bengaluru | Singapore

🌐 <https://doifoo.com>

Doifoo is a Hyperlocal travel tech startup, and I am the founder. Doifoo opens up a new market for local app networks & beyond by enabling local access to leisure travelers with ML API & analytics.

- Working towards enhancing the Product from a consumer-focussed angle. Keeping the ethics of the product alive, and make it more user friendly. We got backed by NASSCOM 10K Startups Incubator & NUMA Accelerator.
- The app launched in midst of the World's Greatest Travel & Tourism crisis, on Feb 02, 2020, for iOS & Android ensuring to change the future of travel.

Program Manager

Amazon

📅 12/2014 - Ongoing 📍 Bengaluru Urban, India

🌐 <https://amazon.com>

With a strong sense of catalog, I am being a part of Amazon as a Senior Catalogue Analyst since 2014 December. Beholding responsibilities like establishing, executing, and improving processes for customer support & catalog management.

Closely working with Brand Specialist, vendor managers, and vendors to provide an accurate catalog to improve the customer experience. With a sense of SQL, provide all sorts of required reports to vendor and Brand specialists to impact on the contribution of company revenue.

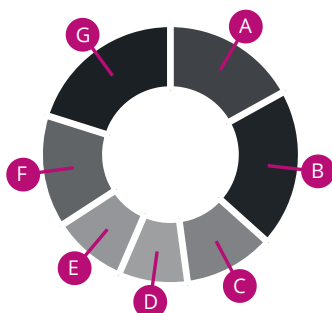

Network Analyst

IBM

📅 06/2014 - 12/2014 📍 Bengaluru Urban, India

Being a part of IBM as a Technical Support Engineer for quite a short period leads to having an in-depth knowledge of Lotus Notes, Windows OS, Linux. Troubleshooting network and system-related issues over calls and chats and Fixing a cause at the initial steps if resolvable.
